Sportsmanship is KEY to a positive experience at IWLCA Tournament Series events.

DETERMINATION OF DIVISION WINNERS - CHAMPIONSHIP DIVISIONS ONLY

- At the end of the tournament, the division winner shall be the team with the most points in their group.
- Teams will be awarded points on the following basis:
 - Three (3) points for each win
 - One (1) point for each tie
 - Zero (0) points for each loss
- If a team forfeits a game, the score will be entered as 5-0 in the system
- Tie-Breaker System after division play, in the order listed below:
 - When the tie-breaker system is used, the criteria are followed in order until one or more team is determined at any given step. The criteria then starts over again at the top of the tie breaker system with the remaining teams. Rules are repeated until a winner is determined.
 - Head-to-head competition (if there is a 3-team tie, proceed to the next tie-breaker)
 - Most wins
 - Goal Differential (the difference between goals for and goals against) with a maximum difference of ten (10) goals per game.
 - Fewest goals against
 - In the case that none of the criteria can determine superior teams in a 3-team tiebreaker, a random draw will be conducted by the tournament committee to determine seeding/advancements.

- In the event that a wildcard team must be selected for the playoff rounds, the above procedure will be used across the entire pool. In a typical pool with multiple brackets, a team would not move forward against someone in their own bracket, per the standard semifinal protocol. As a result, if it is determined that the Wildcard would play the winner of their own bracket, the Tournament Committee will update the schedule so that the Wildcard will play the winner of a different bracket within the same pool.
- During a semifinal and final match, if a tie score exists at the end of regulation, there will be a 5-minute overtime, sudden victory (first goal wins). The team is then awarded with 1 additional point to be added to the final score (for example, at the end of regulation, if the score is tied 1-1 the winner of the sudden victory will be awarded 1 additional point to the final score. The final score will be 2-1.) OT will repeat until there is a winner.
 - *Note if overtime happens, the games will not follow the central air horn and will be up to the referee for accurate start and stop times.*
